# TEEN ART EXHIBIT

**CORRALES COMMUNITY LIBRARY**

Teen artists and art instructors, submit your or your student's portfolio to be featured at The Corrales Community Library! We are always on the lookout for original art exhibitions for the Library's YA Room, and welcome submissions year-round.

If you are interested in exhibiting, submit your portfolio and printed application in person to the Library, or via the online Teen Art Application Form below. We accept portfolios submitted via CD, physical photographs, a website presentation, or Flickr gallery.

Exhibits are chosen by a staff committee according to the needs and interests of the community, the variety of the shows, the artistic quality of the works, and the suitability of format for the Library's YA Room. The average exhibit will be posted for 2-3 months, depending on the Library's and artists' schedules. Read on to learn what you need to include in your exhibit submission.

#### PREFERRED PORTFOLIO SPECIFICATIONS

- Include 10 or 20 images that can be exhibited as a unit via photographs, CD, website presentation, or Flickr gallery. Photographs of work should be well-lit with the artwork placed in front of a neutral background.

- Each portfolio must include the artist's name, biography, current address, and phone number. They must also include information about each image, including medium, size, and direction of viewing.
- Each image submitted via CD, website presentation, or Flickr gallery must be an individual 300dpi JPEG file and cannot be larger than 1MB. Images must be in PC format. Website portfolios can be submitted as a URL on a letter of interest.
- Physical photographs must be submitted in a transparent plastic holder.
- Include a self-addressed, stamped envelope for the return of CDs or photographs
